1.0 STATEMENT AND SCOPE OF WORK

1.1 Background and Summary

The University of Florida invites qualified janitorial service Vendors with the ability, experience and resources to effectively and efficiently provide janitorial services to various University of Florida departments not maintained by the University of Florida Facilities Services, to submit responses to this Invitation to Negotiate (ITN).

This solicitation will result in an award to one or more vendors to provide janitorial services for the Baby Gator Child Development and Research Centers (hereinafter Baby Gator) at UF. Additionally, this process will create a pool of pre-qualified Janitorial Services vendors with whom the University of Florida departments may contract for janitorial services on an as needed basis.

Baby Gator Child Development Centers offer high quality care to children ages six weeks to five years. Children grow and learn in a safe and healthy environment with a caring and attentive staff of well-trained early childhood educators.

The Invitation to Negotiate consists of two (2) phases. Phase 1 is a pre-qualification phase comprised of a timely and complete response to the Phase 1 attached as Attachment A – Phase 1 Pre-Qualification Questionnaire and the documentation of adequate prequalification considerations through that submittal. After Phase 1 is completed, all vendors successfully meeting the pre-qualification requirements will be invited to participate in Phase 2, which will be issued directly to the pre-qualified vendors only. In Phase 2 of the ITN, vendors will be required to submit responses to questions, submit pricing worksheets, and describe plans for providing best value service to the University.

1.2 Scope of Work and Service Level Expectations – Phase 2

Pre-qualified vendors may choose to submit proposals for Baby Gator Child Development and Research Centers at UF after receiving notice that Phase 2 is open. The successful Vendor(s) will be those whose proposals reflect the most responsive and comprehensive understanding of these needs, in conjunction with meeting the required standards. Pre-qualified Vendors from Phase 1 that do not wish to propose on the Baby Gator locations will be placed in a pool of vendors for future job quoting and considering on an as needed basis without further action.

1.2.1 Inspections

The Vendor shall agree to participate in scheduled inspections with the University’s representative. Inspections of the contracted area(s) will be made by the University of Florida’s Representative on a regular basis. Standards used to assess the quality of work performed are outlined in this document. Work that fails to meet expected standards will be brought to the attention of the Vendor. The Vendor will then be requested to correct the problem. Failure by the Vendor to take corrective actions within forty-eight hours may result in the work being done by others and costs charged to the Vendor, or deduction of the payment made to the others from the awarded vendors payment.

The Vendor shall submit a monthly report of associated work completed to the University’s representative. This report shall contain details of carpet cleaning, hard surface floor refinishing, window washing, blind cleaning, or other similar tasks. The Vendor shall schedule all required work so as not to interfere with University operations. Variances in schedules requires prior approval of the University’s representative.

1.2.2 Scheduling
In addition to routine cleaning schedules unique to each location, the Vendor shall also provide cleaning services for special assignments as requested by the University within a minimum time frame. Under normal circumstances, notice will be given within eight hours prior, but can be subject to a faster response time when required. Emergencies will require same day response. Additional Service Level Expectations, Attachment B – Scope for Baby Gator Locations will be provided to phase 1 pre-qualified vendors.

1.2.3 Cleaning Standards

Failure to provide a satisfactory level of service may result in a credit adjustment. The University of Florida reserves the right to determine the credit adjustment. Please see Attachment C – Cleaning Checklist.

1.2.4 Locations

Baby Gator has three centers on campus:
Baby Gator at Lake Alice is located on the corner of Village Drive and Museum Road, across the street from beautiful Lake Alice. This center serves infants ages 6 weeks to 5 years old whose parents are either University of Florida (UF) faculty, staff, or students. Lake Alice is NAEYC accredited, offers VPK (Voluntary Pre-Kindergarten), and is a school readiness center.

Location A: Lake Alice location
Location B: Newell Drive location
Location C: Diamond Village location
Pre-qualified Vendors may provide proposals for one or all segments as desired. A single Vendor or multiple Vendors may be awarded.
Any other location at the University of Florida could utilize the awarded vendors for services following the phase 1 evaluation.

1.2.5 Promotions/advertising

1.2.6 Supplies

The Vendor shall furnish all cleaning supplies, vacuums, mop buckets with wringer, and other related equipment. Consumables (i.e. trash can liners, paper supplies, soap), may be supplied, or could be provided by the University department. The Vendor shall use no products, supplies or equipment that will result in damage or injury to the surface to which they are applied. The Vendor shall be liable for restoring, repairing or replacing any equipment or surfaces so damaged. Vendor also acknowledges that locations to be serviced may include child day care facilities and shall not use any supplies in such facilities that would be harmful to small children. These supplies may or may not be able to be stored at the University facility. All supplies may need to be preapproved by authorized Baby Gator staff.

1.2.7 Service/Work procedures

The Vendor shall furnish all labor, tools, equipment, insurance, bonds, supervision, and any other item necessary to perform the service required. The Vendor shall satisfactorily perform the work and services at the frequencies and time specified. Acceptability of the work is subject to approval of the University of Florida’s representative(s). A detailed staffing list of personnel will be provided to the University departmental representative monthly. In the event of absence of the employee, the
Vendor is required to provide qualified substitutes not from within existing staffing already assigned and provide contracted services to UF.

Vendor is subject to regular evaluation related to the performance of work. The Vendor or authorized representative shall provide daily on-site supervisor and quality control during cleaning operations to make daily inspections and be responsible for maintaining the overall quality of service. Designated account representatives shall have a reliable method of communication and be available, upon reasonable notice, to report and confer with designated agents of University with respect to the services provided. The Vendor or authorized representative will be available to receive messages or other information pertinent to the successful completion of the assigned work. Open communication with the University’s representative shall be maintained.

1.2.8 Personnel

The Vendor shall employ competent, qualified workers who are capable of performing the required services. All personnel provided shall be appropriately supervised and directed by trained, qualified supervisors. Vendor’s staff shall be citizens of the U.S. or have proof of right-to-work status. The Vendor shall be in compliance with all federal and state immigration laws. The Vendor shall not assign duties at any University facility to any individual who within the preceding five years has been convicted of any felony or convicted of any misdemeanor involving theft, embezzlement or fraud.

In order to ensure a safe working environment, the Vendor shall maintain a roster of employees, their work assignment and their home address and phone number. It shall be the responsibility of the Vendor to keep the employee roster and background check current. The University requires 435 Livescan background checks to be completed on all employees that will be assigned to Baby Gator. The Vendor must provide University with written company policy for background checks on new hires and keep proof of clear checks in the current employee roster. Additionally, the Vendor shall comply with all requirements of the Jessica Lunsford Act as set forth in Section 1012/465, Florida Statute. In addition, the Vendor shall ensure that his/her employees do not bring children or any other guest, to work with them in any University facility. The Vendor and all workers shall observe all University codes and ordinances governing University employees conduct when on University premises. In the event that University deems any employee as unacceptable or unsatisfactory, Vendor shall remove such employee from the work assignment and supply a suitable replacement without interruption of service to the University and at no increased cost.

Any overtime resulting from the failure of Vendor’s employees to report to work or any other conditions caused by Vendor shall be the responsibility of Vendor and not billed to the University of Florida. Contractor will, upon limited notice, be capable of providing a number of employees necessary to attend to emergency situations. Call-in employees shall be available to replace sick, vacationing, or absent employees. They shall meet all the requirements of regularly scheduled employees.

1.2.8.1 Identification

The Vendor’s employees shall be required to wear a uniform and ID badge at all times while during work hours. The ID badge shall include a photograph of the employee, the employee’s name and the name of the company he/she represents. All clothing should be clean, in good repair, and of appropriate size. Shoes must be closed toed and have non-skid/non-marking soles. Any Vendor employee who is not properly attired or not displaying their ID badge will not be allowed to work in any university facility. Earphones, earbuds, radios and other personal devices are not to be used during the performance of job duties (with the exception of 2-way devices used for work communication).

1.3 Term of Agreement
The term of this Agreement will be for an initial period of three (3) years, with an option to renew based on satisfactory performance and the written approval of both parties for up to two (2) additional one (1) year periods.

1.4 Coverage and Participation

The intended coverage of this ITN and any Agreement resulting from this solicitation shall be for the use of any Departments at the University of Florida NOT maintained by the University of Florida Facilities Services. With the consent and agreement of the Successful Vendor, other entities may assess an Agreement resulting from this solicitation issued and administered by the University of Florida.

Proposals which for any reason are not so delivered will not be considered. The University shall not accept proposals received by facsimile or email. The University shall, at the specified closing date and time, open all proposals that are otherwise in order. The University will allow interested parties to attend such opening for purposes of identifying which vendors have responded. The University will make no immediate decision at such time, and there will be no disclosure of any information contained in any proposal until the earlier of (i) the time University provides notice of a decision or intended decision, or (ii) 30 days after the final competitive sealed proposals are all opened, whichever occurs earlier, at which time the vendor proposals become public record. When multiple solicitations have been scheduled to open at the same date and time, the University will open solicitations that have interested individuals present in sequential order by solicitation number. The University will hold unopened any proposals received after the closing date and time, and will not consider such proposals. The University reserves the right to retain or dispose of such proposals at its discretion; however, the University may return such proposals to their related vendors, but only at such vendor’s request and at no cost or expense whatsoever to the University.

For any material departure from this condition, vendors shall provide clear and unambiguous explanations how the departure relates in detail to the applicable sections within this ITN. If the vendor responds with an “All or None” proposal, it shall be clearly and unambiguously marked as such.

The University may accept or reject in part or entirely the vendor’s pricing and/or revenue offerings when such offerings are not on an all-or-none basis. The University may determine whether an addendum will be considered as part of this ITN and/or as part of any contract resulting there from. The University shall reject vendors’ responses to addenda if such responses are received after the ITN closing date and time.

4.2.9 Attention to Terms and Conditions

Vendors are cautioned to thoroughly understand and comply with all matters covered under the Terms and Conditions section of this ITN. The successful Vendor is expected to enter into a form of agreement. The University agreement terms and conditions included in this ITN are intended to be incorporated into this agreement. PROPOSALS THAT ARE CONTINGENT UPON ANY CHANGES TO THESE TERMS AND CONDITIONS MAY BE DEEMED TO BE NON-RESPONSIVE AND MAY BE REJECTED (within the University’s sole discretion).

The provision of such authorization shall be a prerequisite to continuation in the ITN process. The University shall not enter into extensive contract negotiations with the selected vendor(s) after the negotiation process has been completed. If the University determines that a company awarded a contract based on this ITN does not honor all aspects of the agreement reached during the negotiations in the best and final offer, the University reserves the right to immediately cancel the award, and to place the company on the University’s suspended vendor list.

Company negotiators must enter the negotiations prepared to speak on behalf of the vendor’s company. The University reserves the right to immediately terminate negotiations with any company whose representatives are not empowered to, or who will not, make decisions during the negotiation session. Vendors are reminded that the University may elect not to solicit a best and final offer from any company whose representative(s) have been unable or unwilling to commit to decisions reached during the verbal negotiation process.

4.2.12 Collusion Prohibited

In connection with this ITN, vendor collusion with other vendors or employees thereof, or with any employee of the University, is prohibited and may result in vendor disqualification and/or cancellation of award. Such disqualification and/or cancellation shall be at no fault or liability whatsoever to the University.
4.2.13 Improper Business Relationships/Conflict of Interest Prohibited

In connection with this ITN, each vendor shall ensure that no improper, unethical, or illegal relationships or conflict of interest exists between or among the vendor, the University, and any other party to this ITN. The University reserves the right to determine the materiality of such relationships, when discovered or disclosed, whether intended or not; and to decide whether or not vendor disqualification and/or cancellation of award shall result. Such disqualification and/or cancellation shall be at no fault or liability whatsoever to the University.

In the event the University grants such a request, it may withhold issuing future ITN's to such vendors.

4.2.18 University's Right to Use Vendor's Ideas/Proprietary Information

If the vendor needs to submit proprietary information with the proposal, the vendor shall ensure that it is enclosed in a separate envelope from the proposal and that it is clearly designated and conspicuously labeled as such. Vendors who submit responses with information noted as proprietary may be asked to substantiate why the information is proprietary or is otherwise exempt from a public records request under Florida Law.

Selection or rejection of the proposal shall not affect the University's right of use. Provided, however, that the University will, in good faith, honor any vendor information that is clearly designated and conspicuously labeled as proprietary when the University concurs that the information is proprietary, and that trade secrets or other proprietary data contained in the proposal documents shall be maintained as confidential in accordance with procedures promulgated by the Procurement Staff and subject to limitations in Florida or Federal law. Pricing information cannot be considered proprietary. The University shall not be liable in any manner or in any amount for disclosing proprietary information if such information is not clearly so designated and conspicuously so labeled. The University shall likewise not be liable if it did not know or could not have reasonably known that such information was proprietary.

Should a request be made of the University for access to the information designated confidential or trade secret by the bidder and, on the basis of that designation, the University denies the request, the bidder may be responsible for all legal costs necessary to defend such action if the denial is challenged in a court of law.

University vendors, subcontractors and suppliers for this project are required to exercise control over their employees so as to prohibit acts of sexual harassment of University employees and students. The employer of any person who the University, in its reasonable judgment, determines has committed an act of sexual harassment agrees as a term and condition of the Agreement to cause such person to be removed from the project site and from University premises and to take such other action as may be reasonably necessary to cause the sexual harassment to cease.
