## 1.0 STATEMENT AND SCOPE OF WORK

### 1.1 Background and Summary of Scope of Work

The University of Florida is in the early stages of developing a transformative continuous improvement culture. Initial efforts regarding business process improvement (BPI) began in 2015, with BPI being embedded in a position description responsible for both BPI and a Shared Service Center. In January 2019, the CFO announced a Lean initiative designed to streamline and improve business processes. At that time a group of six staff began baseline training in Lean methodologies, including facilitating business process improvement events with key stakeholders. The final training and events were completed in June. The six-month program used real UF challenges, during which three value stream mapping and four rapid improvement events took place. In May 2019, the Office of Continuous Improvement (“CI”) was established and has one full-time staff member now dedicated to BPI.

The University is now seeking proposals from qualified, experienced business process/ improvement consultants with experience in Lean, Six Sigma, and/or other continuous or quality improvement and change management methodologies for Office and Administrative Services units within a University setting for the below scope of work.

### 1.2 Scope of Work

There are two opportunities to support UF. Proposers may opt to respond to both lots or only one. Any supplier awarded Lot 1 will also be awarded Lot 2. UF anticipates one supplier being awarded Lot 1 and more than one being awarded Lot 2 but may choose to award differently.

Lot 1: The awarded supplier(s) will

- a) **Train-the-Facilitator.** Train a group of 8-12 UF staff to serve as Continuous Improvement facilitators on the UF campus. The staff being trained will be identified by UF’s Continuous Improvement Office housed within the Office of the Chief Financial Officer. The awarded supplier will provide all materials and facilitate hands-on training for UF staff. Training should allow trainees to practice and become adept at using the selected continuous improvement tools and methodologies through relevant case studies. After classroom training is complete, the cohort, in collaboration with the supplier, and other key UF staff will select real UF business processes to improve using the learned methodologies. The supplier will support the UF facilitators through all stages of the improvement project. Specifically, as they learn how to scope projects, define success, identify the appropriate tools to use, how to serve as an effective facilitator and how to engage stakeholders through implementation. Suggested timeframe: 20 days – spread out across 12 months; one cohort per year – or as recommended by the supplier. On-site training and off-site support. [see Section 4.1.1 Response Format, Tab 9]
- b) **Train-the-Trainer.** Train 3-4 UF staff (already familiar with CI/BPI) to serve as trainers for an “Introduction to Continuous Improvement” course developed by the supplier, with UF input. This course is intended to raise awareness with general campus audiences about the various business process improvement methodologies and related tools. The supplier will develop and deploy customized class content using the train-the-trainer method to ensure the training creates a consistent UF message. UF envisions this course also serving as a prerequisite course for additional courses in this topic area which must be completed to earn a UF certificate in Continuous Improvement, similar to UF’s [Business Communication Certificate](#). In addition, suppliers are encouraged to suggest a recommended curriculum for a UF Certificate in Continuous Improvement. Suppliers are invited to suggest timeframes, and comment on UF’s suggested timeframes for both the initial course: of either a 16-hour program across 4 days, or 8 hours across two days; and for the UF Continuous Improvement Certificate. [see Section 4.1.1 Response Format, Tab 9]

- c) **Support the CI Office.** Provide resources and coach the Assistant Director for Continuous Improvement in the use of the resources to assess departmental, unit and process readiness for improvement activities and transformation. Work with the CI Office to identify, develop, and deploy CI Initiatives that will foster a culture of CI at UF campus. Assist with identification of key metrics and train in use of measurement tools, including audit techniques, to gauge UFs implementation of continuous improvement concepts and/or adaptation of a continuous improvement culture.

Lot 2: The awarded supplier will be one of a pool of vendors who may be called upon for specific projects identified by the University. Projects could include development of class content for a specific course in the series leading to a UF certificate in Continuous Improvement, or to support a large campus-wide process improvement initiative, or a department specific improvement project.

### 1.3 Term of Agreement

The term of this Agreement will be for an initial period of 3 years, with an option to renew based on satisfactory performance and the written approval of both parties for up to three additional one-year periods.

### 1.4 Coverage and Participation

The intended coverage of this ITN and any Agreement resulting from this solicitation shall be for the use of all Departments at the University of Florida. The Award shall be made to the responsive and responsible vendor whose proposal is determined to be the most advantageous to the University of Florida, taking into consideration the following evaluation criteria listed below. Pricing may be a criterion. However, the

University is under no obligation whatsoever to select as most responsive the proposal that demonstrates the lowest pricing.

### **Evaluation Criteria**

Vendor proposals will be evaluated based upon how well each Vendor's plans meet the University's needs. Specific consideration will be given to the following responses in no particular order or weighting:

The University will make a good-faith effort to provide a written response to each question or request for clarification that requires addenda within five (5) University business days.

**All addenda will be posted to our web site only:**

<https://procurement.ufl.edu/vendors/schedule-of-bids/>

- ***Vendors who want the addenda supplied to them in another form must notify the Procurement Staff listed in Section 4.2.5 above of that request. Otherwise, it will be the vendor's responsibility to check the web site for any additional information and addenda concerning this ITN.***

The University will not respond to any questions/requests for clarification that require addenda, if received by the University after **10/17/2019, 5pmEST**.

#### **4.2.7 Pricing and/or Revenue Proposal**

Vendors shall indicate pricing and/or revenue offers in the appropriate spaces and/or areas provided in this ITN. Vendors shall ensure that any departure from this condition results in an offer that is clearly cross-referenced to the applicable sections within this ITN. For any material departure from this condition, vendors shall provide clear and unambiguous explanations how the departure relates in detail to the applicable sections within this ITN. If the vendor responds with an "All or None" proposal, it shall be clearly and unambiguously marked as such.

The University may presume and hold as the vendor's final offer all pricing and/or revenue offerings, whether stated as amounts or percentages, and/or whether or not offered on an all-or-none basis, if not specified by the vendor. The University may accept or reject in part or entirely the vendor's pricing and/or revenue offerings when such offerings are not on an all-or-none basis. The University prohibits the changing of pricing and/or revenue proposals after the ITN closing date and time. Unless otherwise specifically proposed by the vendor, the University reserves the right to hold such pricing and/or revenue proposal as effective for the entire intended contract term. The University may prescribe the manner and method by which pricing and/or revenue offerings shall be communicated in the vendor's proposal. The University may reject any proposal in which the pricing and/or revenue offering does not conform to such prescribed manner and method.

#### **4.2.8 Revisions to the ITN**

Vendors are responsible for the information contained in such addenda, whether or not they acknowledge receipt. The University is under no obligation to communicate such addenda to vendors who notify the University that they will not be responding this ITN. The University may determine whether an addendum will be considered as part of this ITN and/or as part of any contract resulting there from. The University shall reject vendors' responses to addenda if such responses are received after the ITN closing date and time.

#### **4.2.9 Attention to Terms and Conditions**

Vendors are cautioned to thoroughly understand and comply with all matters covered under the Terms and Conditions section of this ITN. The successful Vendor is expected to enter into a form of agreement. The University agreement terms and conditions included in this ITN are intended to

be incorporated into this agreement. PROPOSALS THAT ARE CONTINGENT UPON ANY CHANGES TO THESE TERMS AND CONDITIONS MAY BE DEEMED TO BE NON-RESPONSIVE AND MAY BE REJECTED (within the University's sole discretion).

#### **4.2.10 Required Signature**

The University may reject any vendors' response if it is not signed as indicated and/or required by the areas, spaces, or forms provided within this ITN.

#### **4.2.11 Authority to Negotiate**

Representatives of the vendor(s) selected to participate in oral negotiation(s) shall be first required to submit written authorization from the company CEO or CFO attesting to the fact that the company's lead negotiator is authorized to bind the company to the terms and conditions agreed to during negotiations and as contained in the vendor's best and final offer. The provision of such authorization shall be a prerequisite to continuation in the ITN process. The University shall not enter into extensive contract negotiations with the selected vendor(s) after the negotiation process has been completed. If the University determines that a company awarded a contract based on this ITN does not honor all aspects of the agreement reached during the negotiations in the best and final offer, the University reserves the right to immediately cancel the award, and to place the company on the University's suspended vendor list.

Company negotiators must enter the negotiations prepared to speak on behalf of the vendor's company. The University reserves the right to immediately terminate negotiations with any company whose representatives are not empowered to, or who will not, make decisions during the negotiation session. Vendors are reminded that the University may elect not to solicit a best and final offer from any company whose representative(s) have been unable or unwilling to commit to decisions reached during the verbal negotiation process.

#### **4.2.12 Collusion Prohibited**

In connection with this ITN, vendor collusion with other vendors or employees thereof, or with any employee of the University, is prohibited and may result in vendor disqualification and/or cancellation of award. Any attempt by the vendor, whether successful or not, to subvert or skirt the principles of open and fair competition may result in vendor disqualification and/or cancellation of award. Such disqualification and/or cancellation shall be at no fault or liability whatsoever to the University.

#### **4.2.13 Improper Business Relationships/Conflict of Interest Prohibited**

In connection with this ITN, each vendor shall ensure that no improper, unethical, or illegal relationships or conflict of interest exists between or among the vendor, the University, and any other party to this ITN. The University reserves the right to determine the materiality of such relationships, when discovered or disclosed, whether intended or not; and to decide whether or not vendor disqualification and/or cancellation of award shall result. Such disqualification and/or cancellation shall be at no fault or liability whatsoever to the University.

#### **4.2.14 Corrections, Changes, and Providing Information on Forms within the ITN**

Vendors shall ensure that an authorized individual initials each correction using pen and ink. Vendors shall use pen and ink or typewriter in providing information directly on pages, or copies thereof, contained within this ITN.

#### **4.2.15 N/A**

**4.2.16 Anti-Kickback**

**4.2.17 Withdrawal of ITN**

Vendors may withdraw their proposals any time prior to the ITN closing date. Vendors may request to withdraw their proposals after the ITN closing date and time prior to selection and notice of award. The University shall have sole authority to grant or deny such a request. In the event the University grants such a request, it may withhold issuing future ITN's to such vendors.

**4.2.18 University's Right to Use Vendor's Ideas/Proprietary Information**

**If the vendor needs to submit proprietary information with the proposal, the vendor shall ensure that it is enclosed in a separate envelope from the proposal and that it is clearly designated and conspicuously labeled as such.** Vendors who submit responses with information noted as proprietary may be asked to substantiate why the information is proprietary or is otherwise exempt from a public records request under Florida Law.

Selection or rejection of the proposal shall not affect the University's right of use. Provided, however, that the University will, in good faith, honor any vendor information that is clearly designated and conspicuously labeled as proprietary when the University concurs that the information is proprietary, and that trade secrets or other proprietary data contained in the proposal documents shall be maintained as confidential in accordance with procedures promulgated by the Procurement Staff and subject to limitations in Florida or Federal law. Pricing information cannot be considered proprietary. The University shall not be liable in any manner or in any amount for disclosing proprietary information if such information is not clearly so designated and conspicuously so labeled. The University shall likewise not be liable if it did not know or could not have reasonably known that such information was proprietary.

Should a request be made of the University for access to the information designated confidential or trade secret by the bidder and, on the basis of that designation, the University denies the request, the bidder may be responsible for all legal costs necessary to defend such action if the denial is challenged in a court of law.

### **6.47 Termination**

#### **6.47.1 Convenience**

The University reserves the right to terminate the Agreement in whole or part at any time when in the best interests of the University without penalty or cause. Upon receipt of the written notice, the Successful Vendor shall immediately stop all work as directed in the notice, notify all subcontractors of the effective date of the termination and minimize all further costs to the University. In the event of termination under this provision, all documents, data and reports prepared by the Successful Vendor under the Agreement shall become the property of and delivered to the University. The Successful Vendor shall be entitled to receive just and equitable compensation for work in progress, work completed and materials accepted before the effective date of termination. Such compensation shall be the Successful Vendor's sole remedy against the University in the event of termination under this provision.

#### **6.47.2 Default**

The University reserves the right to terminate the Agreement in whole or in part due to the failure of the Successful Vendor to comply with any term or condition of the Agreement, to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Agreement. The University shall provide written notice of the termination and the reasons for it to the Successful Vendor. Upon termination under this provision, all goods, materials, documents, data and reports prepared by the Successful Vendor under the Agreement shall become the property of and be delivered to the University on demand. The University may, upon termination of the Agreement, procure, on terms and in the manner that it deems appropriate, materials, or services to replace those under the Agreement. The Successful Vendor shall be liable to the University for any excess costs incurred by the University in re-procuring the materials or services.

#### **6.47.3 Gratuities**

The University may, by written notice to the Successful Vendor, cancel the Agreement if it is discovered by the University that gratuities, in the form of entertainment, gifts or other, were offered or given by the Successful Vendor, or any agent or representative of the Successful Vendor, to any officer or employee of the University with a view toward securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performing of such Agreement. In the event the Agreement is canceled by the University pursuant to this provision, University shall be entitled, in addition to any other rights and remedies, to recover or withhold the amount of the cost incurred by Successful Vendor in providing such gratuities.

#### **6.47.4 Insolvency**

The University shall have the right to terminate the Agreement at any time in the event Successful Vendor files a petition in bankruptcy; or is adjudicated bankrupt; or if a petition in bankruptcy is filed against Successful Vendor and not discharged within thirty (30) days; or if Successful Vendor becomes insolvent or makes an assignment for the benefit of its creditors or an arrangement pursuant to any bankruptcy law; or if a receiver is appointed for Successful Vendor or its business.

#### **6.47.5 Lack of Funds**

The State of Florida's and UF's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Florida State Legislature. The Agreement may be canceled without further obligation on the part of the University of Florida in the event that sufficient appropriated funding is unavailable to assure full performance of the terms. The Successful Vendor shall be notified in writing of such non-appropriation as soon as reasonably possible. No penalty shall accrue to the University in the event this cancellation provision is exercised. This cancellation provision shall not be construed so as to permit the University to terminate the Agreement in order to acquire similar equipment, material, supplies or services from another party.

#### **6.47.6 Stop Work Order**

The University may at any time, by written order to the Successful vendor, require the Successful Vendor to stop all or any part of the work called for by the Agreement for a period of ninety (90) days after the order is delivered to the Successful Vendor, and for any further period to which the parties may agree. The order shall be specifically identified as a Stop Work Order issued under this provision. Upon receipt of the order, the Successful Vendor shall immediately comply with its

terms and take all reasonable steps to minimize the incidence of costs allocable to the work covered by the order during the period of work stoppage. If a Stop Work Order issued under this provision is canceled or the period of the order or any extension expires, the Successful Vendor shall resume work. The University shall make an equitable adjustment in the delivery schedule or Agreement price, or both, and the Agreement shall be amended in writing accordingly.

**6.47.7 Suspension or Debarment**

The University may by written notice to the Successful Vendor immediately terminate the Agreement if the University determines that the Successful Vendor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but limited to, being disapproved as a subcontractor Vendor of any public procurement unit or other governmental body.
