In order to be considered for award, each potential vendor is required to provide proof of an extensive distribution system.

1.2.3 Product Requirements:

1. **Current Products:** Proposals shall be for materials and equipment in current production and marketed to the general public and education/government agencies at the time the proposal is submitted.
2. **Discontinued Products:** If a product or model is discontinued by the manufacturer, with University approval, vendor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.
3. **New Products/Services:** New products and/or services that meet the scope of work may be added to the contract. Pricing shall be equivalent to the percentage discount for other products. Vendor may replace or add product lines to an existing contract if the line is replacing or supplementing products on contract, is equal or superior to the original products offered, is discounted in a similar or to a greater degree, and if the products meet the requirements of the solicitation. Pricing submitted for products in the Market Basket shall remain fixed for a period of 2 years. If a vendor is not bidding on a Lot of products, they will enter N/A in pricing for the corresponding product in the Market Basket. A vendor may offer an alternative product for a Market Basket product if it is of the same quality, volume, size, and attributes/features.
2. **Non-Market Basket Products:** For all other products, pricing can be based on a discount from a manufacturer's price list or catalog, or fixed price, or a combination of both with indefinite quantities. Pricing submitted for all other products will be entered

on Attachment A, under the corresponding Lot of products for which the vendor is bidding. If a vendor is not providing pricing for a specific Lot of products, then the vendor will enter N/A in that tab. For pricing based on discount from list, the vendor will provide a discount schedule showing product categories and the corresponding discount from list. Discount schedules should remain fixed for the life of the contract, unless approved by the University.

3. **Electronic Price Lists:** Electronic catalog and/or price lists must accompany the proposal. Include an electronic copy of the catalog from which discount, or fixed price, is calculated. Multiple percentage discount structure is also acceptable. Please specify where different percentage discounts apply. 4. **Pricing Increases:** Price changes will be considered for products in the Market Basket after 2 years. Price change requests shall be in writing, submitted at least sixty (60) days prior to the end of the 2-year period, and shall be supported by written evidence of increased costs to the Successful Vendor, price increase documentation from the manufacturer, or an increase in a products category in the Consumer Price Index. The University will not approve unsupported price increases that will merely increase the gross profitability of the Successful Vendor at the expense of the University. Price change requests shall be a factor in the Agreement extension review process. The University shall, in its sole opinion, determine whether the requested price increase or an alternate option is in the best interest of the University.

5. Services such as installation, delivery, tech support, training, and other services must be included within submitted pricing.

6. Please describe how any offered services will be priced.

7. All pricing submitted is considered as not-to-exceed pricing. Awarded vendors can adjust submitted pricing lower if needed but cannot exceed original pricing submitted for solicitation.

8. Installation of chemical and paper product dispensing units (including repairing cosmetic deficiencies and/or previous footprint) will be included in the cost of those corresponding products if the University were to switch from one product to another with the same vendor or a different vendor.

1. At no extra cost, vendor should be able to deliver next day, in most cases, and 1 to 3 days in all cases.

2. All deliveries should be made Monday through Friday from 8:00 am to 3:00 pm, Eastern Standard Time, for the warehouse and as agreed to for other non-warehouse locations.

1.3 Term of Agreement

The term of this Agreement will be for an initial period of 3 years, with an option to renew based on satisfactory performance and the written approval of both parties for up to 3 additional 1-year periods. The agreement is effective upon signature by both the University and the awarded vendor.

1.4 Coverage and Participation

The intended coverage of this ITN and any Agreement resulting from this solicitation shall be for the use of all Departments at the University of Florida. With the consent and agreement of the Successful Vendor, the other state universities, community colleges, district school boards, other educational institutions, and other governmental agencies, may assess and access an Agreement resulting from this solicitation issued and administered by the University of Florida.

The University reserves the right to add and/or delete elements, or to change any element of the coverage and participation at any time without prior notification and without any liability of any kind or amount.

1.5 University Demographics

The University of Florida is a major public land-grant research university. The state's oldest, largest, and most comprehensive university, the University of Florida is among the nation's most academically diverse public universities. The University has a long history of established programs in international education, research, and service. It is one of only 17 public land-grant universities nationwide and the only university in Florida belonging to the Association of American Universities. With more than 50,000 students, the University of Florida is now one of the five largest universities in the nation.

The University of Florida has a 2,000-acre campus and more than 900 buildings (including 170 with classrooms and laboratories). The northeast corner of campus is listed as a historic district on the National Register of Historic Places.

The University's extensive capital improvement program has resulted in facilities ideal for 21st century research including the McKnight Brain Institute, the Health Professions, Nursing and Pharmacy Building, the Cancer and Genetics Research Complex, and the Proton Therapy Institute in Jacksonville. Overall, the university's current facilities have a book value of more than \$1 billion and a replacement value of \$2 billion.

Several qualities distinguish UF among today's leading public research universities.

The first is its highly comprehensive breadth on a single campus, facilitating interdisciplinary collaboration among, for example, faculty within the adjacent colleges of journalism, engineering and medicine. The second is its unwavering support from the state of Florida, which has endorsed UF's drive to become one of the nation's very best public research universities – supporting those efforts since 2013 with hundreds of millions of dollars in additional funding to grow its faculty ranks. UF's third exceptional quality is its dynamism. Like the state of Florida, now the nation's third- largest and among its fastest-growing, UF is undergoing rapid transformation as it pursues its overarching aspiration “to be a premier university that the state, nation and world look to for leadership.”

For any additional information about the University of Florida, please visit the University's web page at: www.ufl.edu.

2.0 EVALUATION PROCESS AND METHOD OF AWARD

2.1 Method of Award

The evaluation of each response to this ITN will be based on its overall competence, compliance, format, and organization. The Award shall be made to the responsive and responsible vendors whose proposal is determined to be the most advantageous to the University of Florida, taking into consideration the following evaluation criteria listed below. Pricing may be a criterion. However, the University is under no obligation whatsoever to select as most responsive the proposal that demonstrates the lowest pricing. Lots may be awarded individually or together according to the needs of the University.

The contract will consist of the University's ITN, the proposal with any and all revisions, award letter, purchase order, and the signed agreement between the parties, as stated in that agreement.

Vendors whose proposals are not accepted will be notified after a final selection has been made by public posting of the selected proposer(s). This public posting functions as the rejection of all other proposals. This posting will be made to <https://procurement.ufl.edu/vendors/schedule-of-bids/>.

Evaluation Criteria

The University may presume that *any proposal is a best-and-final offer*.

The University also reserves the right to award to the next highest evaluated, responsive and responsible bidder for any and all groups, subgroups, or items in the event of vendor default, non-performance, non-compliance or similar issues affecting the University's ability to obtain services at any time throughout the contract period.

2.5 Vendor Protest Procedure; Notice of Proposal Protest Bonding Requirement

Any vendor protest to a University decision or intended decision with regard to this ITN is subject to Florida Board of Governors' (BOG) Regulations 18.002 and 18.003. Any vendor who files an action protesting a decision or intended decision shall post at the time of the filing the formal written protest, a bond, payable to the University of Florida, in an amount equal to the lesser of 10% of the estimated value of the protestor's proposal or 10% of the University's estimated expenditure during the contract term, or \$10,000. The bond shall be conditioned upon the payment of all costs which may be adjudged against the vendor. In lieu of a bond, the University will accept a cashier's check or money order in the amount of the bond.

2.6 Contractual Intent/Right to Terminate and Recommence ITN Process

The University intends to contract with one or more vendors whose proposal(s) are considered to be in the best interests of the University. However, the University may terminate this ITN process at any time up to notice of award, without prior notice, and without liability of any kind or amount. Further, the University reserves the right to commence one or more subsequent ITN processes seeking the same or similar products or services covered hereunder. In the event of cancellation or termination, the University reserves the right to award the contract to another Offeror, cancel in its entirety, or to request new proposals, whichever is in the best interest of University of Florida.

2.7 Effective Period of Proposals

Under this ITN, the University shall hold that vendors' responses to this ITN shall remain in effect for a period of ninety (90) days following the closing date, in order to allow time for evaluation, approval, and award of the contract. Any vendor who does not agree to this condition shall specifically communicate in its proposal such disagreement to the University, along with any proposed alternatives. The University may accept or reject such proposed alternatives without further notification or explanation.

2.8 Proposal Acceptance/Rejection

The University reserves the right to reject any or all proposals. Such rejection may be without prior notice and shall be without any liability of any kind or amount to the University. The University may request from vendors information it deems necessary to evaluate such vendors' qualifications and capacities to deliver the products and/or services sought hereunder. The University may reject any vendor's proposal for which such information has been requested but which the vendor has not provided. Such information may include but is not limited to:

- a. Financial resources

- h. The University reserves the right to check references with current customers as provided by the vendor and with any customers the University identifies

2.11 Apparently Conflicting Information Obtained by Vendor

The University is under no obligation whatsoever to honor or observe any information that may apparently conflict with any provision herein, regardless of whether such information is obtained from any office, agent, or employee of the University.
