1.0 STATEMENT AND SCOPE OF WORK

1.1 Summary

The University is seeking proposals from vendor(s) to provide woody waste loading and hauling services as described in the Scope of Work in Section 1.1 below.

1.2 Scope of Work

The successful vendor will provide on-call roll-off services for woody waste, all components of tree debris removal, generated by UF Facilities Services operations. This includes providing roll-offs, grappling services to load the roll-offs, hauling, and processing. Pulls will occur on an as needed basis as communicated to the vendor by UF RSWM staff. The majority of woody waste will be collected from inside the UF Facilities Services compound at 902 Magnolia Drive and processed at an appropriately permitted facility.

In 2019, there were a total of 209 woody waste pulls with a total of 1,550 tons of material.

1.3 Term of Agreement

The term of this Agreement will be for an initial period of two (2) years, with an option to renew based on satisfactory performance and the written approval of both parties for up to three (3) additional one (1) year periods.

1.4 Coverage and Participation

The intended coverage of this ITN and any Agreement resulting from this solicitation shall be for the use of all Departments at the University of Florida. With the consent and agreement of the Successful Vendor, the other state universities, community colleges, district school boards, other educational institutions, and other governmental agencies, may assess and access an Agreement resulting from this solicitation issued and administered by the University of Florida.

The University reserves the right to add and/or delete elements, or to change any element of the coverage and participation at any time without prior notification and without any liability of any kind or amount.

1.5 University Demographics

The University of Florida is a major public land-grant research university. The state's oldest, largest, and most comprehensive university, the University of Florida is among the nation's most academically diverse public universities. The University has a long history of established programs in international education, research, and service. It is one of only 17 public land-grant universities nationwide and the only university in Florida belonging to the Association of American Universities. With more than 50,000 students, the University of Florida is now one of the five largest universities in the nation.

The University of Florida has a 2,000-acre campus and more than 900 buildings (including 170 with classrooms and laboratories). The northeast corner of campus is listed as a historic district on the National Register of Historic Places.

The University's extensive capital improvement program has resulted in facilities ideal for 21st century research including the McKnight Brain Institute, the Health Professions, Nursing and Pharmacy Building, the Cancer and Genetics Research Complex, and the Proton Therapy Institute in Jacksonville. Overall, the university's current facilities have a book value of more than \$1 billion and a replacement value of \$2 billion.

Several qualities distinguish UF among today's leading public research universities.

The first is its highly comprehensive breadth on a single campus, facilitating interdisciplinary collaboration among, for example, faculty within the adjacent colleges of journalism, engineering and medicine. The second is its unwavering support from the state of Florida, which has endorsed UF's drive to become one of the nation's very best public research universities – supporting those efforts since 2013 with hundreds of millions of dollars in additional funding to grow its faculty ranks. UF's third exceptional quality is its dynamism. Like the state of Florida, now the nation's third- largest and among its fastest-growing, UF is undergoing rapid transformation as it pursues its overarching aspiration "to be a premier university that the state, nation and world look to for leadership."

For any additional information about the University of Florida, please visit the University's web page at: www.ufl.edu.

2.0 EVALUATION PROCESS AND METHOD OF AWARD

2.1 Method of Award

The evaluation of each response to this ITN will be based on its overall competence, compliance, format, and organization. The Award shall be made to the responsive and responsible vendor whose proposal is determined to be the most advantageous to the University of Florida, taking into consideration the evaluation criteria listed below. Pricing may be a criterion. However, the University is under no obligation whatsoever to select as most responsive the proposal that demonstrates the lowest pricing.

The contract will consist of the University's ITN, the proposal with any and all revisions, award letter, purchase order, and the signed agreement between the parties, as stated in that agreement.

Vendors whose proposals are not accepted will be notified after a final selection has been made by public posting of the selected proposer(s). This public posting functions as the rejection of all other proposals. This posting will be made to <https://procurement.ufl.edu/vendors/schedule-of-bids/>

Evaluation Criteria

Vendor proposals will be evaluated based upon how well each Vendor's plans meet the University's needs. Specific consideration will be given to the following criteria in no particular order or weighting:

- Qualifications and experience
- Resources
- Customer references
- Staffing and staff experience
- Cost proposal
- "Value Add" Services
- Compliance/Agreement with UF Terms and Conditions

2.2 Selection, Negotiation, Additional Information

Although the University reserves the right to negotiate with any vendor or vendors to arrive at its final decision and/or to request additional information or clarification on any matter included in the proposal, it also reserves the right to select the most responsive vendor or vendors without further discussion, negotiation, or prior notice. The University may presume that *any proposal is a best-and-final offer*.

The University also reserves the right to award to the next highest evaluated, responsive and responsible bidder for any and all groups, subgroups, or items in the event of vendor default, non-performance, non-compliance or similar issues affecting the University's ability to obtain services at any time throughout the contract period.

2.3 Pre-Award Presentations

The University reserves the right to require presentation from any and all vendors, in which they may be asked to provide, or they may provide information in addition to that provided in their proposals.

The bond shall be conditioned upon the payment of all costs which may be adjudged against the vendor. In lieu of a bond, the University will accept a cashier's check or money order in the amount of the bond.

2.6 Contractual Intent/Right to Terminate and Recommence ITN Process

The University intends to contract with one or more vendors whose proposal(s) are in the best interests of the University. However, the University may terminate this ITN process at any time up to notice of award, without prior notice, and without liability of any kind or amount. Further, the University reserves the right to commence one or more subsequent ITN processes seeking the same or similar products or services covered hereunder. In the event of cancellation or termination, the University reserves the right to award the contract to another Offeror, cancel in its entirety, or to request new proposals, whichever is in the best interest of University of Florida.

2.7 Effective Period of Proposals

Under this ITN, the University shall hold that vendors' responses to this ITN shall remain in effect for a period of ninety (90) days following the closing date, in order to allow time for evaluation, approval, and award of the contract. Any vendor who does not agree to this condition shall specifically communicate in its proposal such disagreement to the University, along with any proposed alternatives. This University may accept or reject such proposed alternatives without further notification or explanation.

2.8 Proposal Acceptance/Rejection

The University reserves the right to reject any or all proposals. Such rejection may be without prior notice and shall be without any liability of any kind or amount to the University. The University shall not accept any proposal that the University deems not to be in its best interests. The University shall reject proposals submitted after the closing date and time.

2.9 Errors and Omissions in Vendors Proposals

The University may accept or reject any vendor's proposal, in part or in its entirety, if such proposal contains errors, omissions, or other problematic information. The University may decide upon the materiality of such errors, omissions, or other problematic information.

2.10 Determination of and Information Concerning Vendor's Qualifications

The University reserves the right to determine whether a vendor has the ability, capacity, and resources necessary to perform in full any contract resulting from this ITN. The University may request from vendors information it deems necessary to evaluate such vendors' qualifications and capacities to deliver the products and/or services sought hereunder. The University may reject any vendor's proposal for which such information has been requested but which the vendor has not provided. Such information may include but is not limited to:

- Financial resources

- Internal financial, operating, quality assurance, and other similar controls and policies
- Resumes of key executives, officers, and other personnel pertinent to the requirements of the ITN
- Customer references
- Disclosures of complaints or pending actions, legal or otherwise, against the vendor
- The University reserves the right to check references with current customers as provided by the vendor and with any customers the University identifies

2.11 Apparently Conflicting Information Obtained by Vendor

The University is under no obligation whatsoever to honor or observe any information that may apparently conflict with any provision herein, regardless of whether such information is obtained from any office, agent, or employee of the University. Such information shall not affect the vendor's risks or obligations under a contract resulting from this ITN.

2.12 Rejection of Vendor Counteroffers, Stipulations and Other Exceptions

Any vendor exception, stipulation, counteroffer, requirement, and/or other alternative term or condition shall be considered rejected unless specifically accepted in writing by the University and thereafter incorporated into any contract resulting from this ITN.

Vendors shall indicate pricing in the appropriate spaces and/or areas provided in this ITN. Vendors shall ensure that any departure from this condition results in an offer that is clearly cross-referenced to the applicable sections within this ITN. For any material departure from this condition, vendors shall provide clear and unambiguous explanations how the departure relates in detail to the applicable sections within this ITN. If the vendor responds with an "All or None" proposal, it shall be clearly and unambiguously marked as such.

The University may presume and hold as the vendor's final offer all pricing, whether stated as amounts or percentages, and/or whether or not offered on an all-or-none basis, if not specified by the vendor. The University may accept or reject in part or entirely the vendor's pricing when such offerings are not on an all-or-none basis. The University prohibits the changing of pricing proposals after the ITN closing date and time. Unless otherwise specifically proposed by the vendor, the University reserves the right to hold such pricing proposal as effective for the entire

intended contract term. The University may prescribe the manner and method by which pricing shall be communicated in the vendor's proposal. The University may reject any proposal in which the pricing does not conform to such prescribed manner and method.

4.2.8 Revisions to the ITN

The University may revise any part of this ITN for any reason by issuing addenda. The University will communicate additional information and addenda to this ITN by posting them on our web site.

<https://procurement.ufl.edu/vendors/schedule-of-bids/>

- **Vendors that want the revisions supplied to them in another way must notify the Procurement Staff listed in this document of that request. Otherwise, it will be the vendor's responsibility to check the web site for any additional information and addenda concerning this ITN.**

Vendors are responsible for the information contained in such addenda, whether or not they acknowledge receipt. The University is under no obligation to communicate such addenda to vendors who notify the University that they will not be responding this ITN. The University may determine whether an addendum will be considered as part of this ITN and/or as part of any contract resulting there from. The University shall reject vendors' responses to addenda if such responses are received after the ITN closing date and time.

4.2.9 Attention to Terms and Conditions

Vendors are cautioned to thoroughly understand and comply with all matters covered under the Terms and Conditions section of this ITN. The successful Vendor is expected to enter into a form of agreement. The University agreement terms and conditions included in this ITN are intended to be incorporated into this agreement. PROPOSALS THAT ARE CONTINGENT UPON ANY CHANGES TO THESE TERMS AND CONDITIONS MAY BE DEEMED TO BE NON-RESPONSIVE AND MAY BE REJECTED (within the University's sole discretion).

4.2.10 Required Signature

The University may reject any vendors' response if it is not signed as indicated and/or required by the areas, spaces, or forms provided within this ITN.

4.2.11 Authority to Negotiate

Representatives of the vendor(s) selected to participate in oral negotiation(s) shall be first required to submit written authorization from the company CEO or CFO attesting to the fact that the company's lead negotiator is authorized to bind the company to the terms and conditions agreed to during negotiations and as contained in the vendor's best and final offer. The provision of such authorization shall be a prerequisite to continuation in the ITN process. The University shall not enter into extensive contract negotiations with the selected vendor(s) after the negotiation process has been completed. If the University determines that a company awarded a contract based on this ITN does not honor all aspects of the agreement reached during the negotiations in the best and final offer, the University reserves the right to immediately cancel the award, and to place the company on the University's suspended vendor list.

Company negotiators must enter the negotiations prepared to speak on behalf of the vendor's company. The University reserves the right to immediately terminate negotiations with any company whose representatives are not empowered to, or who will not, make decisions during the negotiation session. Vendors are reminded that the University may elect not to solicit a best

and final offer from any company whose representative(s) have been unable or unwilling to commit to decisions reached during the verbal negotiation process.

4.2.12 Collusion Prohibited

In connection with this ITN, vendor collusion with other vendors or employees thereof, or with any employee of the University, is prohibited and may result in vendor disqualification and/or cancellation of award. Any attempt by the vendor, whether successful or not, to subvert or skirt the principles of open and fair competition may result in vendor disqualification and/or cancellation of award. Such disqualification and/or cancellation shall be at no fault or liability whatsoever to the University.

4.2.13 Improper Business Relationships/Conflict of Interest Prohibited

In connection with this ITN, each vendor shall ensure that no improper, unethical, or illegal relationships or conflict of interest exists between or among the vendor, the University, and any other party to this ITN. The University reserves the right to determine the materiality of such relationships, when discovered or disclosed, whether intended or not; and to decide whether or not vendor disqualification and/or cancellation of award shall result. Such disqualification and/or cancellation shall be at no fault or liability whatsoever to the University.

4.2.14 Corrections, Changes, and Providing Information on Forms within the ITN

Vendors shall ensure that an authorized individual initials each correction using pen and ink. Vendors shall use pen and ink or typewriter in providing information directly on pages, or copies thereof, contained within this ITN.

4.2.15 Anti-Kickback

In compliance with FAR 52.203-7, the University has in place and follows procedures designed to prevent and detect violations of the Anti-Kickback Act of 1986 in its operations and direct business relationships.

4.2.16 Withdrawal of ITN

Vendors may withdraw their proposals any time prior to the ITN closing date. Vendors may request to withdraw their proposals after the ITN closing date and time prior to selection and notice of award. The University shall have sole authority to grant or deny such a request. In the event the University grants such a request, it may withhold issuing future ITN's to such vendors.

4.2.17 University's Right to Use Vendor's Ideas/Proprietary Information

If the vendor needs to submit proprietary information with the proposal, the vendor shall ensure that it is enclosed in a separate envelope from the proposal and that it is clearly designated and conspicuously labeled as such. Vendors who submit responses with information noted as proprietary may be asked to substantiate why the information is proprietary or is otherwise exempt from a public records request under Florida Law.

Selection or rejection of the proposal shall not affect the University's right of use. Provided, however, that the University will, in good faith, honor any vendor information that is clearly designated and conspicuously labeled as proprietary when the University concurs that the information is proprietary, and that trade secrets or other proprietary data contained in the proposal documents shall be maintained as confidential in accordance with procedures promulgated by the Procurement Staff and subject to limitations in Florida or Federal law. Pricing information cannot be considered proprietary. The University shall not be liable in any manner or

in any amount for disclosing proprietary information if such information is not clearly so designated and conspicuously so labeled. The University shall likewise not be liable if it did not know or could not have reasonably known that such information was proprietary.

Should a request be made of the University for access to the information designated confidential or trade secret by the bidder and, on the basis of that designation, the University denies the request, the bidder may be responsible for all legal costs necessary to defend such action if the denial is challenged in a court of law.

The venue in any action or litigation commenced to enforce the Agreement shall lie in a court of competent jurisdiction located in Gainesville, Florida.

6.40 Right of Offset

The University shall be entitled to offset against any sums due the Successful Vendor, any expenses or costs incurred by the University, or damages assessed by the University concerning the Successful Vendor's non-conforming performance or failure to perform the Agreement, or any other debt owing the University, including expenses, costs and damages described in the termination provisions contained herein.

6.41 Termination

6.41.1 Convenience

The University reserves the right to terminate the Agreement in whole or part at any time when in the best interests of the University without penalty or cause. Upon receipt of the written notice, the Successful Vendor shall immediately stop all work as directed in the notice, notify all subcontractors of the effective date of the termination and minimize all further costs to the University. In the event of termination under this provision, all documents, data and reports prepared by the Successful Vendor under the Agreement shall become the property of and delivered to the University. The Successful Vendor shall be entitled to receive just and equitable compensation for work in progress, work completed and materials accepted before the effective date of termination. Such compensation shall be the Successful Vendor's sole remedy against the University in the event of termination under this provision.

6.41.2 Default

The University reserves the right to terminate the Agreement in whole or in part due to the failure of the Successful Vendor to comply with any term or condition of the Agreement, to acquire and maintain all required insurance policies, bonds, licenses and permits, or to make satisfactory progress in performing the Agreement. The University shall provide written notice of the termination and the reasons for it to the Successful Vendor. Upon termination under this provision, all goods, materials, documents, data and reports prepared by the Successful Vendor under the Agreement shall become the property of and be delivered to the University on demand. The University may, upon termination of the Agreement, procure, on terms and in the manner that it deems appropriate, materials, or services to replace those under the Agreement. The Successful Vendor shall be liable to the University for any excess costs incurred by the University in re-procuring the materials or services.

6.41.3 Gratuities

The University may, by written notice to the Successful Vendor, cancel the Agreement if it is discovered by the University that gratuities, in the form of entertainment, gifts or other, were offered or given by the Successful Vendor, or any agent or representative of the Successful Vendor, to any officer or employee of the University with a view toward securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performing of such Agreement. In the event the Agreement is canceled by the University pursuant to this provision, University shall be entitled, in addition to any other rights and remedies, to recover or withhold the amount of the cost incurred by Successful Vendor in providing such gratuities.

6.41.4 Insolvency

The University shall have the right to terminate the Agreement at any time in the event Successful Vendor files a petition in bankruptcy; or is adjudicated bankrupt; or if a petition in bankruptcy is filed against Successful Vendor and not discharged within thirty (30) days; or if Successful

Vendor becomes insolvent or makes an assignment for the benefit of its creditors or an arrangement pursuant to any bankruptcy law; or if a receiver is appointed for Successful Vendor or its business.

6.41.5 Lack of Funds

The Agreement may be canceled without further obligation on the part of the University of Florida in the event that sufficient appropriated funding is unavailable to assure full performance of the terms. The Successful Vendor shall be notified in writing of such non-appropriation as soon as reasonably possible. No penalty shall accrue to the University in the event this cancellation provision is exercised. This cancellation provision shall not be construed so as to permit the University to terminate the Agreement in order to acquire similar equipment, material, supplies or services from another party.

6.41.6 Stop Work Order

The University may at any time, by written order to the Successful vendor, require the Successful Vendor to stop all or any part of the work called for by the Agreement for a period of ninety (90) days after the order is delivered to the Successful Vendor, and for any further period to which the parties may agree. The order shall be specifically identified as a Stop Work Order issued under this provision. Upon receipt of the order, the Successful Vendor shall immediately comply with its terms and take all reasonable steps to minimize the incidence of costs allocable to the work covered by the order during the period of work stoppage. If a Stop Work Order issued under this provision is canceled or the period of the order or any extension expires, the Successful Vendor shall resume work. The University shall make an equitable adjustment in the delivery schedule or Agreement price, or both, and the Agreement shall be amended in writing accordingly.

6.41.7 Suspension or Debarment

The University may by written notice to the Successful Vendor immediately terminate the Agreement if the University determines that the Successful Vendor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity, including but limited to, being disapproved as a subcontractor Vendor of any public procurement unit or other governmental body.

Either party may terminate the Agreement in the event the other party materially breaches or defaults in the performance of any of its obligations hereunder, and such default continues for thirty (30) days after written notice thereof is provided to the breaching party by the non-breaching party. Any termination will become effective at the end of such thirty (30) day period unless the breaching party cures any such breach or default prior to the expiration of such period.
