ADDENDUM NUMBER 1 ON INVITATION TO BID ITB21DB-129

TITLE: Rooftop Unit (RTU) Replacement for Sun Terrace Chick-Fil-A

This addendum shall be considered part of the Contract Documents for the above mentioned project as though it had been issued at the same time and incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original Contract documents, this addendum shall govern and take precedence. Bidders are hereby notified that they shall acknowledge receipt of the addendum.

NOTES:

This addendum consists of:

- See attached Revised NON-TECHNICAL SPECIFICATIONS TABLE OF CONTENTS.
- See attached answers to contractor's questions and request for clarification.
- See attached Revised Bid Proposal (00310 – Bid Forms) Additive Alternate is for an Extended Warranty for the RTU only, please provide number of years of warranty and the total price if offering any extended warranty beyond the 5 years on the compressor and 1 year for both the manufacturer's warranty on the entire unit and contractor labor warranty.
- See attached Mandatory Pre-bid Meeting minutes.
- Johnson Controls is the proprietary vendor of the controls for this project. The quote for the controls portion of this ITB will be emailed to all contractors that attended the Mandatory Pre-bid Meeting on January 20, 2021.

A handwritten signature in purple ink, appearing to read "Debbie Berrier".

Questions and Answers

Q1. Back in October of 2020 the Mechanical Contractor was told to use Florida Mechanical because they walked the site, knew the weight of the unit, and knew the site logistics. Is this still the case that we have to use Florida Mechanical?

A1: No, all previous documentation from any previous bids is irrelevant.

Q2. Is there a preferred crane company to use for this job?

A2: No, however the crane company will need to coordinate with the Project Manager just as any contractor or sub-contractor must do.

Q3. What is the weight limit of the parking lot/ pad where the crane can be placed?

A3: Refer to Sheet M1.0 for known requirements.

Q4. There is currently another contractors working on the inside of the Chick-fil-A structure, how will that impact this work?

A4: The successful bidder will need to coordinate with the Project Manager to handle any work that needs to be done inside the building.

Q5. Can the RTU be flown in by helicopter or is this a no fly zone?

A5: This is a no fly zone.

Chick-fil-A Sun Terrace RTU
Mandatory Pre-Bid Meeting

January 20, 2021
MG Project #: 19152

Scheduled Time: 10:00AM

Location: Chick-fil-A Sun Terrace

Called By: UF Purchasing

1. Introductions. See purchasing sign-in sheet for all in attendance.
2. Review of purchasing requirements – see ITB
 - a. Refer to ITB for contract documents. Contract document drawings sheets are titled Bid Documents dated December 8, 2020. Any previous versions of the project should be discarded and are not part of the bid.
 - b. Purchasing will distribute any addenda and post online.
 - c. Refer to ITB for project duration requirements. An outage for the building HVAC is limited to 5 business days as indicated on the drawings. The business services operations are closed during the weekend.
3. The engineer reviewed the bid requirements of contract document including the drawings and specifications. Bidders shall comply with the UF PDC website construction standards and refer to all linked websites in the ITB.
4. Bidders shall coordinate with purchasing to schedule any follow-up site visits.
5. All in attendance were provided with access to the roof and building interior to view all existing conditions to provide the work as specified.

Distribution:

Debbie Berrier, Bill McGinn, & Greg Roberts
