The intention is to cover all equipment, parts, and accessories. The project goal is to reduce post-release mortality of reef fish by implementing a distribution plan that will provide fish descender devices and release tools to reef fish anglers in the Gulf of Mexico region over a seven-year period.

**Phase 1**: The intention is to purchase approximately 2,000 fish descender devices and/or release tools from August 1, 2021- December 31, 2021.

**Phase 2**: January 2022-December 2028 The University anticipates to purchase up to 1,000 devices per month or 12,000 per year.

There is no guarantee of business.

This estimated amount is given only as a guideline for preparing your bid and should not be construed as representing actual amounts to be purchased under this contract. The vendor(s) shall supply, at bid prices, the actual amounts ordered regardless of whether the total of such amounts is less than anticipated.

**Term of Contract**- The effective period of contract resulting from this bid will be Date of Bid Award through August 31, 2024, with two (2) additional three-year periods.

**Delivery Phase 1**: August 15th to IFAS Extension Bookstore Address will be listed on Purchase Order (PO)

**Price Increases**- Price changes will normally only be considered at the end of one contract period and the beginning of another. Price increases will be capped at 3% per year. Price change requests shall be in writing, submitted to UF Procurement at least sixty (60) days prior to the end of the current contract period, and shall be supported by written evidence of increases costs. The University will not approve unsupported price increases that will merely increase the gross profitability of the Vendor at the expense of the University. Price change requests shall be a factor in the Agreement renewal process. The University shall in its sole opinion, determine whether the requested price increase or an alternate option is in the best interest of the University.

**Schedule of Events**:

Bid Posting: June 4, 2021
Questions Due: June 15, 5:00 p.m.
Bid Opening: June 29, 3:00 p.m.

**See Price Sheet**:

*Pre-rigged terminal tackle including a weight and descending device attached to a three-way swivel.*

The purpose is Anglers often prefer to buy a pre-rigged so they can tie it to their fishing line and go. A pre-rigged set up would not only supply an angler with all the materials needed to properly release fish at depth, but it would teach them the general rigging set up if they needed to do it again.
