During congestion, customers on this plan using >50GB/mo. may notice reduced speeds until next bill cycle due to data prioritization. Video typically streams on smartphone/tablet at DVD quality (480p).

Qualifying government account, credit approval, deposit, and \$25 SIM starter kit or, in stores & on customer service calls, \$20 upgrade support charge may be required. Plus applicable taxes & fees. Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling \$3.18 per voice line (\$0.60 for RPF & \$2.58 for TRF) and \$1.16 per data only line (\$0.15 for RPF & \$1.01 for TRF) applies; taxes/fees approx. 6–28% of bill where applicable. U.S. roaming and on-network data allotments differ: Hotspot plan includes 50MB roaming; others include 200MB roaming. Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. Unlimited high-speed data US only. In Canada/Mexico, up to 5GB high-speed data then unlimited at up to 128kbps. Not available for hotspots and some other data-first devices. **Video streams** at up to 1.5Mbps. Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. **Tethering:** For the small fraction of customers using >50GB/mo., primary data usage must be on smartphone. Smartphone usage is prioritized over Mobile Hotspot (tethering) usage, which may result in higher speeds for data used on smartphone. **Int'l Roaming:** Usage may be taxed in some countries. Calls from Simple Global countries, including over Wi-Fi, are \$.20/min. (no charge for Wi-Fi calls to US, Mexico and Canada); customers on consumer plans (e.g. some sole proprietors) pay an additional \$.05/min. Standard speeds approx. 128Kbps without PlusUp; with PlusUp approx. 256 Kbps. **Not for extended international use; you must reside in the U.S. and primary usage must occur on our network.** Device must register on our network before international use. Service may be terminated or restricted for excessive roaming. **Coverage** not available in some areas; we are not responsible for our partners' networks. **Network Management:** Service may be **slowed, suspended, terminated, or restricted** for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. During congestion, customers on this plan using >50GB/mo. may notice reduced speeds until next bill cycle due to data prioritization.
