Assigning My Cart to a Requestor

Overview
Use this instruction guide to learn how to assign your myUF Marketplace shopping cart to a Requestor to place your order. The Requestor will process the cart into a requisition, entering it into approval workflow before a purchase order is created and dispatched to the vendor. Set up your User Profile in the myUF Marketplace system to make the process faster – you may choose to set up PCard, Shipping, Billing and ChartField information to automatically default in the requisition, saving the Requestor time and streamlining your order. You may also choose frequent assignees to add to your profile. Refer to the instruction guide, “Setting Up Your User Profile” for instructions.

To access myUF Marketplace as a shopper:

Assigning My Cart to a Requestor

- Click the + sign next to the person’s name to select that person:

- Check to see if the name is now in the Assign Cart To: then check the Add to Profile box to save this person for next time. Next time you won’t need to Search; just click Select and their name will appear in the dropdown. Click Assign:

Note: You may add a note to the requestor if needed. The requestor will have it in their Assigned Carts queue.

Unassigning the Cart:

1. Click the Cart icon on the left-hand menu, then My Carts and Orders, then View Carts.
2. Click the Assigned Carts tab and on the right hand side of the cart’s row, you may click View then Unassign to unassign a cart.
