ADDENDUM NUMBER 1 ON INVITATION TO BID ITB23KL-125

TITLE: LG LCD Flat Panel Displays and Accessories

Bid is scheduled to close on February 14th, 2023 at 3:00PM in UF Procurement Services, 971 Elmore Drive, Gainesville, FL 32611.

This addendum shall be considered part of the Contract Documents for the above-mentioned project as though it had been issued at the same time and incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original Contract documents, this addendum shall govern and take precedence. Bidders are hereby notified that they shall acknowledge receipt of the addendum.

This addendum consists of:

- 1. Answers to supplier questions received.

Regards,

Kyle Lautenschlager
Procurement Agent II

PLEASE ACKNOWLEDGE RECEIPT OF THIS ADDENDUM 1 AND RETURN WITH YOUR BID. FAILURE TO ACKNOWLEDGE THIS ADDENDUM COULD CONSTITUTE REJECTION OF YOUR BID.

Q1. Are you or the end users open to other manufacturers?

A1. No; this bid is for LG products only.

Q2. Can you provide any sizing guidance for the LG displays (preferably a size range)?

A2. 24/7 displays should be offered between 32" and 110", and 16/7 displays should be offered between 43" and 86".

Q3. Can you confirm that all the displays will be indoor?

A3. Percentage discount pricing should be provided for both indoor and outdoor commercial series LCD displays if available; however, indoor displays are of most interest in this solicitation.

Q4. Is there going to be a Bill of Materials from the University of Florida on these LG displays and acceptable mounting brackets? Looking for specifications on prosumer vs consumer grade, 24/7 vs 16/7 rating, acceptable brightness range in Nit, required connection types, and required types of mounting bracket.

A4. The intention is to cover all products in the manufacturers catalog that meet the product specifications. There is no specific BOM being bid at this point. Displays should be commercial grade as referenced in A3, and within the size ranges specified in A2. 16/7 and 24/7 displays are both used and should both be included in proposals. Interactive displays, Digital Signage models, and OLED Signage models should all also be included, if available. Mounting brackets are not required but should be included if available: acceptable brands are Chief, Peerless, or comparable wall mounts in tilt, flat, and low-profile varieties. Percentage discount should be provided per product line, size or type.
